## OFFICIALS SEIZE \$50,000 LIQUOR CARGO

### BELIEVE THEY HAVE SOLVED MYSTERY OF ELUSIVE PIRATE SHIP

**Fishing Sloop Jennie T. is Seized  
at Lighthouse Point--Believed Re-  
ceived Cargo of Some Larger  
Craft Outside Three Mile Limit  
--Close Watch Being Kept.**

(By The Associated Press)  
NEW HAVEN, Conn., July 23.—In the seizure of the auxiliary sword fishing sloop, Jennie T. of Northport, N. Y., the confiscation of liquor valued at more than \$50,000 and the arrests of 18 men in a spectacular raid early today, federal and city officials believe they have solved—partially at least—the mystery attached to the elusive "pirate ship" which has been sighted at various times off the New Jersey coast near Montauk Point and in Long Island Sound.

range for These  
Commodities**

(By The Associated Press)  
SPRINGFIELD, Ill., July 23.—The city of Springfield tonight withdrew its offer of a seven year electric and steam heat franchise to the Springfield Gas & Electric company and warned consumers to take measures to provide light and heat for themselves next fall and winter until the city plant can be enlarged to handle the business of the company.

### ATTITUDE OF JAPAN STILL DELAYS PLANS

(By The Associated Press)  
WASHINGTON, July 23.—Progress towards final adjustment of the plans for the disarmament conference continued to be delayed today by Japan's consideration of the extent to which she will participate in the discussion of far eastern questions and the efforts of the British dominion premiers to bring about a postponement of the meeting.

### CALLS KENTUCKIAN LIAR, STARTS ROW

(By The Associated Press)  
WASHINGTON, July 23.—The Bergdoll investigation broke up in a row today while Representative Johnson of Kentucky, Democratic member of the committee was trying to reach a brother of Grover Cleveland Bergdoll, who had called him a liar.

### MOORS CAUSING TROUBLE IN SPAIN

MADRID, July 23.—After the cabinet meeting today, the following communiqué was issued: "Rebellious Moors re-attacked our positions at Annual with great violence. The numbers were great and were so well armed we were obliged to evacuate the position and several others we recently captured. We withdrew to Dardes. We had many casualties and two Spanish colonels were killed. There is no news from Melilla of General Silvestre, giving rise to the fear that he was killed."

### AUTHORITY TO ESTABLISH UNIT

Washington, July 22.—Authority for the establishment of an ordnance unit of the reserve officers training corps at the University of Michigan was given today by the war department.

### SMALL ADDRESSES BIG MEETING IN RIVERVIEW PARK

**Says Enemies Are  
Character Defamers  
and Looters**

(By The Associated Press)  
CHICAGO, July 23.—Governor Len Small in his first public speech since his indictment on charges of embezzling state funds told thousands of his party followers today that he was the victim of a gigantic political plot. Declaring that he was being persecuted by "vested interests," "treasury looters," and "character defamers," Governor Small said that "when they found that they could neither blind me or frighten me this gang banded together their tools to disgrace and destroy me by having me indicted by the grand jury of Sangamon county—a county ruled by the most vicious ring in the state of Illinois."

Reviewing his acts in office, the governor said he stood against the plundering of the state treasury by the "money powers" and that one who had defied these interests could expect nothing more than to be the victim of their schemes. He spoke from the same platform in Riverview Park where a little more than a year ago the boom was launched that put him in the highest office in the state. His audience was made up of the followers of Mayor William Hale Thompson who followed Governor Small on the speaker's platform.

**Says Lowden Sold Out**  
"When Lowden ran for governor," said Mayor Thompson, "he took him at his word and elected him. He hadn't been governor two weeks when he sold out. His commission gave you higher street car rates, higher water rates, higher rates of every kind. Then, after the people elected Len Small as their governor, the same interests went to him and tried to buy him out. And when they found they couldn't buy him, they started in to crush him. This man whom you elected was persecuted, but with your help the fight will go on. The fight you made a year ago made you an honest governor. He will stick by you."

### ARE CONSIDERING TO WHAT EXTENT THE COUNTRY WILL PARTICIPATE

(By The Associated Press)  
WASHINGTON, July 23.—Progress towards final adjustment of the plans for the disarmament conference continued to be delayed today by Japan's consideration of the extent to which she will participate in the discussion of far eastern questions and the efforts of the British dominion premiers to bring about a postponement of the meeting.

### STERLING RETURNS TO ROCKFORD HOME

Rockford, Ill., July 23.—Lieutenant Governor Fred E. Sterling, reached Rockford late this morning, having stopped in Chicago enroute from Springfield between trains only. The lieutenant governor indicated that he would remain in Rockford for the present and that he does not anticipate returning to Springfield until next week.

### OFFICERS SEIZE \$10,000 WORTH OF DRUGS

Sioux City, Iowa, July 23.—What is alleged to be a rendezvous for dispensing narcotics in Iowa was unearthed on the eastside here today when police officers and federal agents in a "clean up" raid seized about \$10,000 worth of cocaine and morphine and made eleven arrests of negroes alleged to be members of the ring.

### RUSSIA'S PLIGHT HAS RESULTED IN SAVING EUROPE

**Experience in Communism  
Has Spread Thruout  
Continent**

(By The Associated Press)  
NEW YORK, July 23.—Russia's futile experience in communism has been the salvation of other European countries in the opinion of George E. Roberts, vice president of other European countries in the opinion of George E. Roberts, vice president of the National City Bank of New York who returned from abroad today on the Aquitania. He attended the meeting of the International Chambers of Commerce in London.

"The example of Russia has saved the rest of Europe," he said. "A knowledge of conditions in that devastated country has permeated every corner of the continent and suppressed whatever there was of incipient social revolution."

Mr. Roberts asserted that virtually all the European countries are on the way to better times and are in better condition now than at any time since the war. France, he declared, is little better pre-war income producing capacity and has restored most of the acreage in the devastated regions.

### PEACE PROSPECTS FOR IRELAND ARE STILL FAVORABLE

**Feeling That Further  
Meetings May Result  
in Settlement**

(By The Associated Press)  
LONDON, July 23.—The feeling both in London and Dublin over the prospects of peace in Ireland remains optimistic. Eamonn DeValera, the Irish Republican leader, today discussed the British terms with Arthur Griffith and others at the mansion house in Dublin, but no formal conference was held and Mr. DeValera informed inquirers that it was most unlikely any developments would take place in the immediate future.

### PRESIDENT IS ENJOYING CAMP IN MARYLAND

**Is Spending Weekend  
With Friends in  
Camp**

(By The Associated Press)  
BIG POOL, Md., July 23.—Far away from the cares of the presidency, Warren G. Harding spent this afternoon and tonight in a tented camp sequestered among the Maryland hills.

The president's companions on his excursion back to nature were Henry Ford, Thomas A. Edison, Harvey S. Firestone and Bishop William F. Anderson of the Methodist Episcopal church. They will remain together at their camp near here until late tomorrow when the president will motor back to Washington. On his arrival here shortly after noon today, Mr. Harding apparently put all the responsibilities of his office away from him.

As soon as he alighted from his automobile after the arduous mile ride he threw off his coat and swung an axe for a few minutes to help out the camp laborer cutting wood to cook lunch. After the meal was over he sat for a while chatting with other members of the party under the canopy of a large tent which covers the camp site and later in the afternoon had a long nap.

### TWO TOURISTS MEET DEATH IN WATER SPOUT

**Car in Which They Were  
Riding Hurling Over  
Precipice**

(By The Associated Press)  
DEL MONTE, Colo., July 23.—Mrs. Ernest Kiesecke, of Honolulu, and Miss Bertha Giesecke of Denver, tourists, were killed near here yesterday when the automobile in which they were riding was struck by a water spout in Gulf Creek park.

### ASK PROTECTION OF PEACE LEAGUE

(By The Associated Press)  
HELGOLAND, Germany, July 23.—The people of Helgoland have sent a petition to the league of nations asking for neutralization of the island under the protection of the league or re-annexation to Great Britain.

### REGULATIONS FOR SACRAMENTAL WINES

Washington, July 23.—New prohibition regulations covering the distribution of wines for medicinal purposes have been almost completed. It was said today at the internal revenue bureau. The rules being prepared, officials said, are designed to insure churches obtaining the same standard of sacramental wines to which they were accustomed before the ban was put on wholesale liquor dealers under an opinion by former Attorney General Palmer.

### UNITED AMERICAN LINE WILL OPERATE PASSENGER LINERS

**Five Ships Seized from United States Mail  
Steamship Company Will be Temporarily  
With the American Line—Schlesinger  
Says Board Must Get Down to Business**

(By The Associated Press)  
WASHINGTON, July 23.—The United American Line, temporarily, will operate the five passenger liners seized last night from the United States Mail Steamship company by the shipping board. This announcement was made late today by J. B. Smull, an operating director of the board.

The United States Mail Steamship company has a similar contract with the North German Lloyd, which so far as is known, never has been approved by the shipping board. Its details have not been made public.

### FAMOUS GUNMAN IS VICTIM OF CHICAGO FEUD

**Two Gun Johnny Gar-  
dino Falls Before  
Assassin's Guns**

(By The Associated Press)  
CHICAGO, July 23.—John P. (Two Gun Johnny) Gardino, and known as "the killer" fell dead pierced by an assassin's bullet almost on his own doorstep today the ninth victim in the past few months of a bitter political feud in the Nineteenth Ward.

Gardino was walking along a crowded street when the fatal fusillade of pistol shots struck him. Two bullets pierced his heart while the third went through his arm.

The slayer, his face partly hidden by a black felt hat, escaped in the crowd, throwing away the pistol as he fled. The slain man was the bodyguard of Anthony D'Andrea, political leader who was shot and killed as he was entering his home several weeks ago.

## "WILD-CAT" REUNION

Between 15,000 and 20,000 members of the old ninety-first (Wild Cat) division of the United States troops in the World War are expected to gather for a grand reunion here on September 24 and 25, according to plans

just announced. While this division was recruited in the West and is composed, in its major part, of men from the far west, quite a number of men from Ohio, Indiana, Kentucky and Tennessee were members of it, those four states having furnished many replacements for the Wild West division. Efforts are being made to reach every member of the division in the hope that something approaching a full representation may be had for the big gathering.

## COOPERATION IS KEYNOTE

The National City Bank of New York in a recent statement given to New York newspapers says regarding the present situation:

"Cooperation is the keynote of modern business. Big jobs today are done collectively. They are financed collectively. The real capitalists are the people, lending

billions of dollars, as they do every year, to public utilities, governments, cities, railroads and industries. Even the dollars that you put in the savings bank to their share, and the premiums you pay on your life insurance policy; for the savings banks and insurance companies are large investors in stocks and bonds and derive a considerable part of their income from the interest received.

"The methods of modern financing create a community of interest in which the thousands of lenders who have invested in bonds are protected by the underlying security back of the issues, and the increased activities made possible through these investments result in benefit to the whole community.

"The cooperative effort of thousands of thrifty investors has furnished the funds to harness the waterfall and river, build reservoirs and plants to furnish light for distant cities and power to drive the great machines of industry.

"The investors' dollars ultimately furnish the power that makes possible to conquest of the wilderness, the desert, the mountains and the sea. Thrift and investment are the basis of material progress."

## GOOD WORK AT NAUVOO

The Federal Board for Vocational Education, last January, established at Nauvoo, Ill., a training center for the training of the ex-soldier, sailor or marine who contracted tuberculosis while in service. This center is under the supervision of the Peoria office of the Federal Board. It is ideally located and at the present time one hundred and fifty inactive tubercular trainees are receiving their fundamental education under government medical supervision, and Federal Board training pay at the rate of \$100 a month for single men, up to \$170 a month, according to the number of dependents. In addition to the main building under construction, and when completed will increase the unit to two hundred seventy-five. The grounds include about nineteen acres, fifteen of which are tillable. In addition to the main building, five other buildings are used for training purposes. R. H. Harpster, an experienced educational director, is in charge of the center. The personnel includes a medical and nursing staff and fourteen teachers. The center is well equipped to lay the foundation for future institutional and industrial training. Courses are given in tailoring, horology, salesmanship and advertising, shorthand, bookkeeping, typewriting, natural sciences, poultry raising, agriculture, horticulture, drafting and practical electricity. Suitable recreation is provided in the way of concerts by orchestras and glee clubs in Nauvoo and from the surrounding towns. Weekly dances are given. One is conducted after a visit to the center, that the Government is striving to satisfactorily provide for the rehabilitation of the disabled ex-service man through the agency of the Federal Board for Vocational Education.

"The chief support of the counsel's contention is that the governor during his term of office can commit any crime he pleases and be answerable to nobody." "The assumption is that he can be held accountable only by impeachment and then for an official act."

Attorney General Brundage says: "If Judge Smith holds that Gov. Small is immune from arrest, he cannot be tried until after his term of office expires."

"If the court rules in favor of Governor Small, the state's hands would be tied. The case so far as the governor is concerned would remain in status quo and the prosecution of the others would be taken up at once," said Brundage.

"The idea that a governor cannot be prosecuted apparently is an inheritance from the English common law theory, the king can do no wrong. But we are a long way from kings in this country."

G. M. Goveia of Litterberry was in Jacksonville Saturday.

**OUR CHAUTAUQUE, A COMMUNITY ENTERPRISE**

That Jacksonville Community can work together and do things when it has the mind to do so is proven by our chautauque. Organized ten years ago by the old Chamber of Commerce and promoted for a few years by outside assistance, it has been managed for the past seven years by our own citizens. Those in charge have given freely of their time and energy and their aim has always been to provide the best possible programs at the lowest price so that everyone in the community may have opportunity to enjoy the assemblies.

In building programs it has been the policy to book only first-class attractions, rather than just a few good numbers with a lot of second or third-class fillers in, so that the programs for every day will be uniformly of high quality.

The chautauque being entirely independent of any bureau or out-of-town management selects its own talent and thus can secure programs which fit and will please the audiences. Of course, contract with a bureau could put over an assembly and avoid most of the work of promotion but this method would not maintain the quality of the assembly or secure programs which would satisfy patrons. In booking attractions the management must vary the programs so that everyone will enjoy most of the numbers, it cannot expect any one person to enjoy all the numbers, but it does try to select music, entertainment and speakers which will please the vast majority of those who hear them.

That the policy of the management meets the approval of patrons is shown by the constantly increasing interest in the assembly as demonstrated by the audiences and sale of tickets. Tickets for the coming assembly have been on sale but a few days and the management reports the largest advance sale it has ever had and an unusual interest. The program offered this year is exceptional in its music, speakers and entertainment. The management believes the program is not equaled by any other assembly and is sure that no other chautauque presents such a program at so low a price.

The chautauque is a real community asset. It attracts large numbers of city and country folk for ten days under pleasant environment where they can touch elbows, extend their acquaintances and discuss affairs. It is vacation time for hosts of Morgan county people, many of whom would go elsewhere for their vacations and spend their money elsewhere, were it not for the assembly. It has done much to promote the growing community spirit of Jacksonville and Morgan county and in this alone has been of untold value.

The chautauque deserves the loyal support of the community.

whom would go elsewhere for their vacations and spend their money elsewhere, were it not for the assembly. It has done much to promote the growing community spirit of Jacksonville and Morgan county and in this alone has been of untold value.

## LEGAL POINTS

Just why lawyers as "friends" of Gov. Small should bring forward a plea that the governor should resist arrest or that his position is above the law, is beyond the understanding of the ordinary mortal. There may be some good and sufficient reasons for such a step, justified by law, and it is best to await the unfolding of the plan of the legal advisers.

To condemn Governor Small now would be criminal. To defend him, unnecessary. Governor Small says he has nothing to fear. All that remains for the citizen to do is to reserve judgment, remembering that Lon Small is governor of the State of Illinois.

The law protects every citizen's character and reputation to the extent of declaring him innocent until he is proven guilty. Will the citizens of the state of Illinois award their chief executive the protection the law contemplates for the humblest person? The developments in this case may do great good. They may uncover usages which should be corrected and which might not otherwise have been called to the attention of the people.

Gov. Small in a statement says: "When Attorney General Brundage succeeded in securing from the Sangamon county grand jury his indictment against me, my first impulse, knowing that I am absolutely innocent, was to submit myself to the court and stand trial in the ordinary course of the administration of the criminal law."

"My counsel, however, advise me that such a course would amount to a practical surrender of the sovereignty of the state in violation of my oath of office."

"They declare, on the other hand, that it is my duty, under the constitution, to decline to waive the independence of the executive department; that it would be a violation of my oath of office so to do, and that such a course would necessarily result in embarrassment of the state government."

"They point out, and with unanswerable authority, that the exemption of a governor from arrest and trial upon criminal charges during his term of office is not a personal privilege, but an exemption in the interest of the public welfare and to perpetuate the independence of the executive department."

"I accept these conclusions as irrevocably, by their very force, pointing out to me the course I should pursue, and I shall therefore not attempt to waive the constitutional exemption."

Judge E. S. Smith, presiding, is reported to have said: "The chief support of the counsel's contention is that the governor during his term of office can commit any crime he pleases and be answerable to nobody." "The assumption is that he can be held accountable only by impeachment and then for an official act."

Attorney General Brundage says: "If Judge Smith holds that Gov. Small is immune from arrest, he cannot be tried until after his term of office expires."

"If the court rules in favor of Governor Small, the state's hands would be tied. The case so far as the governor is concerned would remain in status quo and the prosecution of the others would be taken up at once," said Brundage.

"The idea that a governor cannot be prosecuted apparently is an inheritance from the English common law theory, the king can do no wrong. But we are a long way from kings in this country."

## The Chicago Operatic Company

No one musical organization in America has done more to lift high the standard of chautauque music than has the Chicago Operatic Company. Organized a number of years ago by the great Chicago tenor, John B. Miller and Arthur Middleton, the company has ever since its initial concert appearance occupied a place of distinction in the musical world. This company has but one ideal—to present the best in music in such a manner as to win the cordial appreciation of the most discriminating musical critics—and make popular with the men and women who make up chautauque audiences the best music. The average man and woman like their programs as well as the critic who gives it the most eulogistic appreciation.

Every member of the company is an established artist and the work of the company has put it in a class by itself. Collectively and individually this is a company of artists and whether appearing as soloists or in combination with others, gives artistic interpretation to the high-grade music making up its programs.

The personnel includes in addition to Mr. Miller, tenor, the following splendid musicians:

Mae Graves Atkins, soprano; Rose Lutiger Gannon and Frederica Gerhardt Downing, contraltos; G. Magnus Schutz, basso; Amy Emerson McNeil, violinist, and Edgar A. Nelson and Ralph Zirkle, pianists. The programs of the company comprise the services of but six of these artists, the contraltos and pianists alternating.

That Truly Great Actress, in

## "Know Your Men"

Miss White enacts the role of Ellen Schuyler, a wealthy girl. With the financial ruin of her father and desertion by the man she loves, her fortune is also wiped out. In gratitude to another man who sticks by her, she weds him. But smoldering in her heart is her first love, that needs only the reappearance of the man to flame anew.

When this occurs comes another tragedy, for Ellen is turned from her home when she offends to her husband that she still loves this man. Still more drama follows when her old sweetheart wishes her to return to her husband while divorce proceedings are pending. The last blow brings to Ellen a realization of her husband's true worth and a reconciliation follows.

**Professor Einstein**

—The eminent professor says only twelve men in the world understand his theory of "Relativity."

—Maybe so, but any ten year old kid knows a suit of clothes that wears, and looks well while wearing, from one that does not.

—Price is relative. You cannot "see" the wear in a suit. Just because a suit is called "cheap" is no argument in its favor.

—When a suit is "inexpensive" in actual money, and the best made at the same time, then you have "value."

—There is 100% value in every suit turned out of this shop, and just now they are quite "inexpensive."

—This is understandable "Relativity."

**MENNONITES WILL SETTLE IN PARAGUAY**

ASUCION, Paraguay, July 23.—Paraguay is expected to become the home of many Mennonites from the United States, Canada and other parts of the world as a result of approval yesterday by the chamber of deputies of a bill granting concessions of five thousand square miles for land colonization in Paraguay and Chaco. The bill, which had already passed the senate grants immunity from military service to the sect.

Privilege is also given for the Mennonites to practice the tenets

of their religion. They will have a trustee form of government and may establish schools teaching the German tongue. They can import agricultural implements duty free for ten years. Alcoholic beverages are prohibited within the colony.

Mennonite delegates who sought the concessions told President Gondra that from four to five thousand Mennonites were preparing to emigrate to Paraguay from the United States, Canada and Russia upon the bill's enactment. The president recommended granting the concessions as helping to solve the problem of populating Paraguay's vast stretches of uninhabited but productive territory.

**GERMANY MAY HELP FAMINE STRICKEN**

BERLIN, July 23.—Continued appeals for help from Russia where large areas are reported to be suffering from famine and a cholera epidemic, appear to be slowly changing German sentiment in favor of active participation in relief measures.

Conservative quarters insist, however, that "help shall be for the people, not for Bolshevism." Some newspapers also declare that the soviet government should stand aside in view of its failure to keep the commercial and economic systems organized and let the outside world assume direction of relief work with a free hand.

Other organs recall that Germany hopes to live in peace and prosperity with Russia in an effort to heal "the war's economic wounds," and urge participation in Russian relief as an act of plain humanity, which moreover, would serve to strengthen economic relations.

**WILL ATTEND POSTAL CONGRESS**

NEW YORK, July 23.—O. K. Davis, secretary of the national foreign trade council, and Edwin Sands, head of the foreign mail department at Washington, left here today on the new liner American Legion for South America as delegates to the an-American postal congress to be held next month at Buenos Aires.

Stating that this was the first time the United States had been asked to send representatives to this congress, the American delegates said they would endeavor to expedite interchange of mail, and to bring about closer business relations.

The American Legion carried more than one thousand passengers, including many representatives of South American business firms. She was escorted to sea by several airplanes carrying legion officials. At Rio De Janeiro and Buenos Aires, American veterans of the world war will be entertained on board.

**SMALL BLAZE IN HOPPER BUILDING**

What threatened to be a destructive fire was narrowly averted shortly before eight o'clock Saturday morning in the building owned and occupied by Hopper & Son at the southeast corner of the public square.

The blaze originated in a toilet room on the second floor where Dr. Hopper and Dr. Baxter have their offices. It is thought that someone must have thrown a burning match or cigaret into a basket of trash.

Before the fire acquired any great proportions, members of the Hopper firm reached the place with chemical extinguishers and had the blaze under control when the firemen arrived.

The exact amount of the damage has not yet been learned.

**FACTIONS IN RUSSIA UNITE**

Riga, July 23.—The anti-Bolshevik elements in Soviet Russia are uniting with the Bolsheviks to fight the famine, the Rosta agency, the official Bolshevik News Bureau announced today.

A decree has been issued creating a central commission for famine relief, headed by M. Kalinin, member of the soviet central committee, the agency says. It includes the heads of many government departments but no communists are members. The anti-Bolshevik elements, however, are expected to aid this commission. Unless seed grain is furnished immediately the winter crop of the Volgo provinces will also be a failure, the agency states.

**PACKING COMPANY TO BE ARRESTED**

Topeka, Kans., July 23.—A warrant charging W. C. **IDENTITY OF MOB NOT KNOWN**

Hattiesburg, Miss., July 23.—Identity of persons in a mob, which early this morning lynched Casey E. Jones, white, sentenced to hang in connection with the fatal shooting of Mrs. J. S. Mosley, failed to be established today. Jones was taken from jail here and hanged to a tree in front of the prison.

Delay in the execution of Jones, resulting from an appeal to the state supreme court caused public resentment against him. He was alleged to have shot Mrs. Mosley at whose home he boarded, after being ordered to move.

**PARACHUTE WAS RECEIVED YESTERDAY**

The parachute to be used at the the Red Men's burgoon next Wednesday evening arrived at Houston Brothers' garage Saturday morning. It was purchased of Thompson Brothers Ballooning company of Aurora, at a cost of six hundred dollars. The new parachute is fashioned after one of the latest designs, and is thirty feet in length. It drops at the rate of ten miles per hour when carrying a man of 150 pounds. The parachute opens within one and one-half or two seconds after being loosed. During this short time, however, it drops three hundred feet.

The leap from the airplane at the burgoon will be made from a height of five thousand feet. It will take place at six o'clock instead of five as previously announced. Charles McHaffon, chairman of the committee, states that the change in time was made in order to allow those who work

in stores to witness the event. Athletic and other contests during the afternoon will include a bun-eating contest, a nail-driving contest for women, a three-legged race, a girls' race, a fat man's race and a boys' race.

## HARVARD JUMPER SETS NEW RECORD

### E. O. Gourin Leaps 25 Feet 3 Inches in Meet Between Yale-Harvard and Oxford-Cambridge Athletes—Five Other Records Fall—The 440 Was Stepped in 49 Seconds

(By The Associated Press)

CAMBRIDGE, Mass., July 23.—A new world's record for the running broad jump—25 feet, 3 inches—by E. O. Gourin of Harvard, was developed today in the international track and field meet which the Yale-Harvard combination won from the Oxford-Cambridge team eight events to two. By a special arrangement between the competing schools, the method of scoring is that of the annual Cambridge-Oxford dual meet in which only the winning of a first is counted. Thus this meet was won by the Americans by the familiar baseball score of 8 to 2.

In all six records fell during the afternoon, the five others being previous marks at these games, some of which had stood for almost a quarter century. In another event, the 120 yard high hurdles, the record for the games and for Harvard University was equalled. The victory of the American collegians was one of supremacy in all four field events and of speed in an unexpected source to win four of the six running races. To the new records Harvard athletes contributed two, Yale two and Oxford-Cambridge one each.

Gourin, a negro who has been the principal factor in the strength of the Harvard team for the last two years, was the outstanding star. He flashed to the fore in the first event of the day winning the 100 yard dash in which the British captain B. G. D. Rudd, had entered in an unsuccessful effort to add to his team's potential strength. It was a hard race with H. M. Abrahams of Cambridge so close at the finish that many thought he had won.

Does It on First Jump  
Gourin walked leisurely from the sprinting lane to the jumping pit. Without a trial jump, running with easy stride he sped down the cinder approach, made the take-off cleanly and with a mighty lunge ahead fell on the jumper's side of the pit. Satisfied with his effort before it was measured he grinned. After the tape was applied and announcement of the record made he accepted congratulations with the same broad smile.

Gourin's leap of 25 feet 3 inches was farther than any jump ever credited to man. The best record of which there has been note was that of 24 feet 11 3/4 inches made 22 years ago at Dublin Ireland by Peter O'Connor. Gourin made three subsequent jumps but he fouled in two and did 24 feet in the third.

That his record jump was qualified for official acceptance in all details ascribed to it by Gustavus T. Kirby, president of the Intercollegiate A. A. A. and referee of the games.

"I have personally seen and measured this jump and the take-off and break in ground were inspected by me," he wrote in the formal verification of the score keeper's report. Gourin was the only double winner, but in Captain Rudd of the British team and C. D. Kroghness of Harvard the large crowd formed other athletes of high ability and manifold activity. Rudd failed in his second attempt to win three events, but he made a new record of 49 seconds for the 440 yard run and lost the half mile run to the English Tommy Campbell of Yale, only after a fight that furnished the best race of the day. Kroghness equalled the Harvard and the international series record of 15 2/5 seconds in the hurdle race and won second place in the high jump after it appeared that he was out of the competition at a low height and gained third place in the broad jump.

Leading Competitors Fall.  
The mile and two mile runs were decided after incidents in which leading competitors were forced to stop. In the mile run won by H. B. Stallard of Cambridge, Captain D. F. O'Connell of Harvard was incapacitated when the Cambridge star kicked him accidentally in passing. After winning Stallard went to Referee Kirby and reported the accident, saying it was unintentional and that he was extremely sorry. "There was no consideration of the matter as a foul officials said. The two mile run the Englishman lost their chance of winning in the weakness and ultimate collapse of Noel A. McInnes, their long distance star. M. K. Douglas, a freshman at Yale, won impressively although not in record time. Captain W. R. Seagrave of Cambridge made a spirited sprint on the last lap but without imperiling Douglas' chances. The British athletes chances were emphasized at the beginning of the program when after Gourin raced away with the 100 yard dash, I. Fliske Brown his Harvard teammate won the hammer throw with a record heave after M. C. Knott, his Oxford rival and the favorite had himself bettered the old record.

Summary:  
100-yard dash—Won by E. O. Gourin, Harvard; second, H. M. Abrahams, Cambridge; third, S. I. Feldman, Yale; fourth, B. G. D. Rudd, Oxford. Time 10 1/5 sec.  
120 Yard High Hurdles—Won by C. G. Kroghness, Harvard; second, A. Hulman, Yale; third, L. F. Partridge, Cambridge; fourth, W. S. Kent-Hughes, Oxford; time 15 2/5 seconds, equalling record.  
One mile run—Won by H. H. Stallard, Cambridge; second, N. G. Tateham, Cambridge; third, H. W. Hilles, Yale. Time 4 minutes 20 2/5 seconds, a new record.  
15 pound shot put—Won by J. R. Tolbert, Harvard, distance 43 feet 5 inches; second, R. E. Jordan, Yale; third, A. L. Rees, Oxford; fourth, H. Waterhouse, Cambridge.  
Two mile run—Won by M. K. Douglas, Yale; second, W. R. Seagrave, Cambridge; third, E. C. Vanderpyl, Yale. Time 9 minutes, 32 1/5 seconds.  
880 yard run—Won by T. Campbell, Yale; second, B. G. Rudd, Oxford; third, E. W. Steimens, Yale; fourth, N. R. Milligan, Oxford. Time 1 minute 55 seconds.  
Running high jump—Won by R. W. Landon, Yale, height 6 feet 3 inches; a new record; second, C. G. Kroghness, Harvard, height 5 feet 11 inches.  
Cambridge, height 5 feet 11 inches; fourth, L. St. C. Jagerham, Oxford, 21 feet 1 1/4 inches.  
440 yard run—Won by B. G. D. Rudd, Oxford; second, G. W. Chapman, Yale; third, T. C. Cox, Yale; fourth, R. C. Gregory, Cambridge. Time 49 seconds (a new record).  
16 pound hammer throw—Won by J. F. Brown, Harvard, distance 159 feet 3 3/4 inches (a new record); second, M. C. Knott, Oxford, distance 156 feet 1 1/2 inches; third, P. E. Cruikshank, Yale, distance 123 feet 1 1/4 inches.

### PITTSBURGH AND BOSTON SPLIT EVEN

BOSTON, July 23.—(National)—Pittsburgh and Boston split another double 7 or today before 29,000 persons, the largest crowd that ever clicked the turnstiles at B. B. Field except for a world's series game. The league leaders took the first contest 3 to 2 with Cooper pitching his second victory of the series. St. Louis pitched to three hits in the second game and the Braves won 3 to 1.

Score: First game—Pittsburgh, 600 100 502—3 5 1. Ten. 000 000 011—2 8 1. Cooper and Schmidt; Watson and O'Neill, Gibson.  
Second game—Pittsburgh, 000 000 000—1 3 0. Boston, 000 002 106—3 5 2. Carlson, Zinn and Schmidt; Scott and Gibson.

Many prominent amateur golfers of the country and a team from England are expected to enter the tournament.

John Beammaster drove to Jacksonville Saturday from his home near Lynnville.

## CLEVELAND BLASTS HOPES OF YANKEES

Defeat Runnersup by Score of 3 to 0—Much Bitterness Displayed and Two First Fights Threatened.

CLEVELAND, O., July 23.—Cleveland spilled New York's hopes of taking first place in the American League again today when it defeated the Yankees 3 to 0 in a game featured by the brilliant pitching of Allan Sothoron, discarded by St. Louis and Boston. He held New York to three hits one in the first inning, one in fifth and one in the eighth. Only five Yanks reached first and only one reached second.

Cleveland hit Hoyt freely but had many runners caught by reckless base running while New York made three double plays. As a result the Champions scored in only one inning the third when hits by O'Neill, Jamieson, Wamby and Gardner and a sacrifice by Speaker produced three runs.

Much bitterness was displayed by the contending teams and two fist fights were threatened.

## JAPANESE COACHERS USE ENGLISH TERMS

Chicago, (By the A. P.)—When Coach Tobita of the West-4 University baseball team runs over to the third base coaching lines as his Nipponese ball players come to bat, he doesn't let loose a flow of Japanese but yells instructions in the native language of the great American game. All of his players, who are now touring the country, speak English in some degree and all of them use American baseball parlance on the diamond.

Even the youngsters in Japan call out and strike in English. Coach Tobita said here recently, when his nine played the University of Chicago a three game series.

"Of course all students in high schools and universities in Japan are taught English, but out in the fields where the small boys play ball, they use the English terms. Baseball is the Japanese national game, too."

Coach Tobita, who is 25 years old, has been playing ball for more than 15 years and has been a professional coach for two years. He was a star at Waseda, which is located at Tokyo, and captain of the team in 1919-20. His early diamond training was under Herbert P. Hunter, a former New York Giant, who had a large part in the development of baseball at Waseda. Baseball, however, has been played in Japan for 40 years, Coach Tobita said.

"The Japanese have two seasons of ball," Coach Tobita said, "in explaining their enthusiasm for the game. 'We have a spring and autumn schedule, each lasting about two months. In Tokyo we have a league of four universities and play a regular schedule. Waseda has about 10,000 students but comparatively few of them take part in athletics. Coach Tobita said.

Members of the team expressed great admiration for the American universities, especially the large gymnasiums which Japanese universities do not yet have.

### BRISCOES WIN FROM STALEY TEAM

Jackson, Mich., July 23.—Hitting McKinnity hard in the first six innings the Briscoes defeated the Staley's of Decatur here today 6 to 5.

Calamore was wild but good support saved him, a running game and cutting off two Staley runs. Demmitt and Brannigan hit home runs, the former driving in a runner ahead of him.

Score: Staley 000 023 000—5 7 1. Briscoes 013 101 000—6 12 0. McKinnity, Kozlontek and Watkins; Calamore and Brannigan.

## Boy Pleads With Congress

Jimmie Bradley can make the proud boast that he's the youngest person ever to appear before a congressional committee to argue Uncle Sam into spending money. Jimmie, armed with endorsements from President Harding and the American Forestry Association, made a plea to the House Committee of the District of Columbia on behalf of 60,000 Washington school children for an appropriation for the study of birds and trees. He is shown with Chairman Focht (seated) and Representative Underhill.

## INABILITY TO HIT LOST GAME

Sox Could Not Hit Hasty in the Pinches—C. Walker Prevented Tie by Great Catch of Yaryan's Drive in the Ninth.

CHICAGO, July 23.—Chicago was unable to hit Hasty in the pinches today while Philadelphia left Kerr opportunistly and defeated the Sox 4 to 3. Hasty's great catch of Yaryan's long drive in the ninth prevented the game from a possible tie as the locals had two men on the bases.

## NEW YORK WINS DOUBLE HEADER

NEW YORK, July 23.—(National)—New York emerged from its slump today to defeat Cincinnati twice, 8 to 7 and 6 to 6. The second game was called at the end of the fifth to enable the Reds to cater a train. Good hitting by pinch hitters featured the first game when Kopf tied the score for the Reds by hitting a home run with one on base and Walker for the Giants regained the lead by doubling with the bases filled.

Score: First game—Cincinnati 010 000 23—7 12 1. New York 200 011 228—8 12 0. Marquard, Donahue, Elter and Harrgrave; Nehf, Sallee and Toney; Snyder, Smith.

### USE BOXING ARENA FOR PLACE OF WORSHIP

NEW YORK.—(By the A. P.)—A boxing arena in Seaside, Rockaway, Long Island, is serving as a place of worship for thousands of Catholic summer vacationists.

The Rev. Joseph B. Brady, pastor of the parish, obtained permission to use the arena when he learned the Catholics in the summer colony numbered more than 15,000. The little church of St. Camillus could not seat so many even though seven masses were held each Sunday.

And now, after the fistie encounters of the week days, the ropes are taken from the ring and an altar placed in the middle of the resined canvas. The seating capacity of the arena is 4,000.

St. Camillus' Church annex, as the arena now is called, affords a picturesque scene on Sundays. It is lavishly plastered with light posters and sport pictures are in sharp contrast to the center of the ring, where Father Brady, in his ecclesiastic robes, offers the mass.

## FIVE PITCHERS ARE USED AGAINST DODGERS

Are Unable to Stop National League Champs—Make Eighteen Hits for a Total of Thirty Bases.

## WILL BE WARM GAME AT SOUTH SIDE PARK

Indices and White Sox Hook Up This Afternoon—Both Teams Are on Edge for Contest.

There will be warm doings at South Side park this afternoon when, weather permitting, the Indices and White Sox will hook up in the first of a five game series. Both teams are great rivals and both have been going good recently. The White Sox have played all of their games out of the city and have trimmed some of the best teams around here.

Recently Charlie White, manager of the Sox, has strengthened his lineup by the addition of Cox and Morrow formerly with the Indices. Seymour who has been pitching for the White Sox has been showing better form than ever before in his career and will try hard to defeat the Indices.

However, Padgett also has been going good for the Indices and should have won every start he has made. The Indices seem to be just getting their eye on the ball and it will take a good many runs to beat them the way they have been clouting the last two games.

The game this afternoon will be called at 2 o'clock and no doubt the park will be filled to overflowing when the umpire calls play ball. The lineups: White Sox—Dickason, ss.; Zell, c.; Potts, 2b.; Cox, 1b.; Shirley, lf.; Gillis, rf.; Seymour, p.; Morrow, p.; Teague, cf.; Devlin, 3b.; White, p.; Henderson, p.

Indices—Denney, 2b.; Wheeler, 1b.; Ruble, 3b.; Clark, c.; Christopher, lf.; Burkery, ss.; DePrates, cf.; Hamm, Hubbs, p.; Padgett, p.; Smith, rf.

## NAME CAUSE OF

PARIS.—(By the A. P.)—Andre Gobert, who held the French tennis championship for several years until defeated by Jean Samazeulh of Bordeaux last May, served during the war as an aviator and was recuperating at Vichy from shock received in a fall of over 1,000 feet during the 1917 when some of the neutrals enjoying the cure organized a tennis tournament. Gobert entered under the name Dubois. Not being in the best of shape he had a hectic time in reaching the semi-finals where he had to meet a youthful Dan who was going great guns. Gobert lost the first set six to two and was in a fair way of losing the second when some one in the crowd recognized the French champion and commenced shouting encouragement to him calling him by his real name.

The Dane realized that he was playing against the champion of France, seemed bewildered, making fault after fault, missing easy returns, netting. Gobert won the next three sets.

## ROGER HORNSBY STARS IN NEW ROLE

### Shares Run Getting Honors With Frisch—Still Leads Hitters—Ty Cobb Pulls Away From Speaker, Now Runner up to Heilmann—Reb Russell Leads the A. A. Batters

(By The Associated Press)

CHICAGO, July 23.—Rogers Hornsby is starring in a new role in the National League this week, according to averages released today and which include games of last Wednesday. The St. Louis star is sharing honors with Frisch of New York in the run-scoring department, each having registered 74 tallies for his club.

The Cardinal guardian of the keystone sack, although dropping two points in his batting, continued to head the players who have participated in 55 or more games, his average being .418. Hornsby has cracked out 140 hits for a total of 224 bases. His hits include 25 doubles, 13 triples and 11 homers.

He is tied for third place with McHenry, a teammate of the New York Giants, who tops the list with 13, having failed to add to his mark of a week ago. Irish Meusel, the slugging Philadelphia outfielder, is on the iGant slugger's heels, however, with an even dozen four-ply drives.

George Cutshaw of the Pirates has been going along at a little better than an even pace, and added to his mark of a week ago for the position of runner up to Hornsby. Cutshaw is batting .384. Pep Young, of the New Yorks, moved up from fifth to their position with an average of .358.

Frisch in addition to being tied with the St. Louis star for the run scoring honors, has jumped out in front of Max Carey of Pittsburgh for the base stealing laurels. Frisch stole four bases during the past week and is showing the way to his rival with 26. Carey failed to add to his string of 23 acquired a week ago.

Other leading batters: Grimes, Chicago .355; Meusel, Philadelphia .352; C. Williams, Philadelphia .352; Mann, St. Louis .350; Maranville, Pittsburgh .346; Fournier, St. Louis .342; Johnston, Brooklyn .339; Bigbee, Pittsburgh .339.

Ty Cobb, the Detroit pilot, has signaled his return to the game by outbating his closest rival, This Speaker, manager of the Cleveland Indians, during the past week, according to American League averages released today and which include games of last Wednesday. Although the Georgia peach fell below his mark of a week ago when he was tied with Speaker for the runner-up honors, he fared better than his rival and pulled away from the leader of the world's champions, who slumped ten points in his hitting. Cobb, lost only four points, and as a result is topping his rival with an average of .390. Speaker is hitting .384. Harry Heilmann, the slugging Tiger outfielder, lost three points but continues to top the leader by a wide margin, his average being .429.

Babe Ruth, the home run king cracked out a brace of home runs during the past week and brought his season's string up to 26. In addition, the Yankee slugger with his 110 hits has boosted his total base record to 256 bases, which in addition to his home runs include 24 doubles and six triples. Ruth continues to be the best run getter in the league, having registered 98 times for his club.

S. Harris, of Washington took the lead from George Sisler of St. Louis for stolen base honors, having pilfered two sacks during the past week, while St. Louis star failed to add to his string of 16. Harris' mark is 17 thefts.

Other leading batters: Tobin, St. Louis, .379; Severed, St. Louis .367; Williams, St. Louis .364; Ruth, New York .360; Veach, Detroit .355; E. Collins, Chicago .354; Sisler, St. Louis .349; Charrity, Washington .341; Johnston, Cleveland .339; Stephenson, Cleveland .338.

Reb Russell, the hard hitting outfielder of the Minneapolis club, not only continues to top the batters of the American Association, but has grabbed the lead for home run honors from Bunny Brief of Kansas City, and is out in front in total bases, according to averages released today and which include games of last Wednesday. Russell is hitting .357, which is 12 points better than his nearest rival, Kirk of Louisville, who is clouting .375. Russell has made 132 hits for a total of 245 bases. In addition to his string of 21 circuit drives, he has 22 doubles and 14 triples to his credit. The averages are those of players who have participated in 55 or more games. Brief failed to add to home runs and is one behind Russell.

Bald of Indianapolis added a pair of stolen bases to his string and is showing the way to the base stealers with 38 thefts.

Other leading batters: Good, Kansas City, .368; Gainer, Milwaukee .362; Duncan, St. Paul .354; Lear, Milwaukee .353; Brief Kansas City .353; Hauser Milwaukee .352; Gearin, Milwaukee .351; Fisher, Minneapolis .347; Acosta, Louisville .347; Thorpe, Toledo .345; Conroy, Minneapolis .342; Burrell, Columbus .340; Covington, Indianapolis .337.

### DETROIT EFATED WASHINGTON 6-2

DETROIT, July 23.—Detroit hit Mogridge opportunely this afternoon and defeated Washington 6 to 2; Esmeke was batted freely; he lightened in the pinches. He was forced to retire after the eighth inning on account of a twisted ankle sustained as he scored a run.

Score: Detroit 000 010 010—6 12 3. Washington 020 101 02x—6 14 2. Mogridge and Torres; Ehnke, Middleton and Bassler.

### FIGHT PICTURES WERE NOT SHOWN

NEW YORK, July 23.—The advertised showing of the Dempsey-Carpenter fight pictures at a theatre tonight did not materialize.

In announcing the postponement the theatre management said Tex Rickard, F. B. Quimby and others interested in the films would try Monday to convince the federal grand jury that there is no violation of interstate law in their exhibition outside New Jersey.

There was every indication at the theatre of arrangements to show the film Monday. Huge electric signs announcing the attraction were placed in position over the entrance.

Marshall Stour of Markham was a business caller in Jacksonville Saturday.

## BASEBALL TRIAL IS PROVING BONANZA TO FORMER WHITE SOX

Are Offered Big Money to Play in Week-End Games

(By The Associated Press)  
CHICAGO, July 23.—The baseball trial is proving a goldmine for several of the former White Sox players who are charged with conspiring to throw the 1919 world series, for nearly fifty towns have telegraphed offers to the men to play Sunday games while the trial is in session. Over this week-end the player defendants are scattered over Oklahoma to Pennsylvania and from Minnesota to Tennessee, for exhibition games.

Eddie Cicotte, and Buck Weaver are virtually the only ones not playing. Eddie wired negative replies to half a dozen telegraphic queries yesterday as to whether he could pitch tomorrow.

"I'll never throw another ball unless it's in a major league," said Cicotte.

Weaver received an offer of \$800 if he would bring Cicotte, Jackson and Risberg to an Oklahoma town for one game. Weaver refused, but the other men were willing to play.

Joe Jackson was sought by half a dozen Wisconsin towns and several Iowa points were anxious to see Claude Williams hurl a game. The offers ranged from \$100 and expenses for one man to the \$800 and expenses offered for four. There was no session of court today and attorney's for both sides spent the day in going over the testimony the defense looking for loop holes and the prosecution planning to strengthen its weak points. Monday the fight over the admission of the Williams, Jackson and Cicotte grand jury confessions will be resumed.

## SPEAKER WILL NEVER BE BENCH MANAGER

CLEVELAND, O.—(By the A. P.)—Answering a question put to him recently, Manager Tris Speaker, of the Cleveland Americans, said:

"I will never be a bench manager."

Speaker is not tired of the game of baseball as a sport, but he said he will not sit on a bench as manager and watch others play when he cannot participate.

That, however, is not the main reason. This is anxious to get into business, realizing that if he is to make a success in the business world he must get started before long.

Following the winning by the Indians of the world's baseball championship last fall, James C. Dunn, owner of the Cleveland-American team and president of the Dunn-McCarthy Construction company, made Speaker a stockholder in the construction company with a promise that Speaker would be given an active part in the business when he retired from baseball.

Speaker wanted to quit the game last fall but Dunn asked him to stay and try for another championship for the Indians, and, feeling that Dunn was entitled to this consideration, Speaker agreed to retain the management of the team.

While Speaker is not tired of baseball as sport and though he would like to continue playing for many years, the strain of fifteen years of professional baseball are beginning to become wearisome. "I wanted to quit baseball last fall," Speaker said. "I wish I could play for years, for I love the game, but the time is near when I must enter some other fields of endeavor where the demands of the body are not so severe."

Speaker was asked if he meant to retire at the end of this season but refused to answer.

"I don't know what I will do after this season," he said. "I may be playing next year and I may not. I have not given the matter any thought. At least, I can say that I have not decided to quit."

## GALVESTON LEADS TEXAS LEAGUE

FORT WORTH, Texas.—(By the A. P.)—Fort Worth was displaced from the lead in the Texas league by the Galveston Sandorabs, as a result of the split season adopted July 9.

When it was decided to split the season, Fort Worth headed the league with a percentage of .691. The Panthers had won 56 games and lost 25, while Houston, the second place team, had a percentage of .566. The order of standing in the league was Fort Worth, Houston, Shreveport, Wichita Falls, Galveston, Dallas, Beaumont and San Antonio.

Galveston on July 12, the fourth day of the second part of the season, led the Texas league with two games won and none lost, a percentage of 1.000. Fort Worth was in third place with 2 won and 2 lost, a .500 percentage. The new order was Galveston, Wichita Falls, Fort Worth, Shreveport, San Antonio, Dallas, Houston and Beaumont.

The club most affected by the split was the Fort Worth Panthers, the league leaders and last year's pennant winners. Fort Worth lead in both batting and fielding, with the leading slugger and three leading pitchers, according to William G. Rugeley, league statistician. The leading batter of the league is C. O. Kraft of Fort Worth, whose home run record of 23 circuit clouts for 1921 is second only to Babe Ruth's. The leading pitchers all of Fort Worth, are Wachel, Patte and Johns.

**LARGER QUARTERS FOR KNOT HOLE GANG**  
ST. LOUIS.—(By the A. P.)—Larger quarters at Sportsman's park have been turned over to the "Knot Hole Gang" as a result of increased attendance by boys under 16 years old, who are admitted free to National league games played here. The boys have been given a section of the left field pavilion in addition to the section of the rightfield bleachers given them when the "Gang" was organized several years ago.

By obtaining the additional section, the organization has surrendered its privilege of seeing games on Saturdays. Good morals and school grades are prime requisites for membership in the organization.

## WORLD'S CHAMPIONS WILL STAGE MATCH

Hutchison, Duncan, Mitchell and Ayton Will Play at Blooming-ton Country Club.

Present open golf champion of the world, Jock Hutchison and last year's open champion George M. Duncan, also Abe Mitchell and Laurie Ayton, have signed a contract to play a 36 hole golf match at the Blooming-ton Country Club on July 28th. The first 18 holes will be started at 9:30 a. m. and the second 18 holes at 2 p. m.

Of the above four players three are Scotchmen by birth and one an Englishman. Duncan and Mitchell have just come from England and are on a short tour of this country. The above match is the only one they will play in this district. Hutchison and Ayton are professionals located in U. S. and Hutchison has returned to America, having just won the open championship of the world in Great Britain.

Hutchison paired with Ayton will play Duncan and Mitchell. The four players represent four distinct types of golf. Duncan is an impulsive, quick player, and counts as his best the three-quarter shots. Mitchell is the longest driver in the world and has on numerous occasions driven 300 yards on the carry. At Columbia recently he drove the green on a 324 yard hole. He can drive a golf ball 50 percent farther than "Babe" Ruth's longest home runs. Hutchison is best on the chip shot with a masher. He has a style all his own and takes a great amount of turf with each shot. Ayton is known as a golf "stylist" on account of the perfect form in which he plays.

A large gallery of spectators will follow this match and a big crowd from this city has signified their intention of being present. The match is open to the public.

## CHAMPIONS HAVE TWO FINE YOUNG CATCHERS

CLEVELAND, O.—(By the A. P.)—"Ginger" Shinnault, catcher, recently added to the Cleveland American league team from the New Haven, Conn., club of the Eastern league, is given much credit for the "come back" of Piteber Guv Morton of the world's champions.

In the last series with the White Sox here the Indians were nine runs behind when Shinnault went in to catch Morton and steadied Morton so well that the Indians won, 11 to 10.

With Luke Sewell, recently brought back to Cleveland from Columbus, the locals seem fortified with a pair of classy young catchers to help Les Nunamaker out until Steve O'Neill can again don the mask. O'Neill's split finger is rapidly healing.

## CHICAGO LEADS IN MAKING BASEBALL BATS

CHICAGO.—(By the A. P.)—The baseball bat manufacturing center of the world is Chicago, according to the current issue of the Fort Dearborn Magazine. Production is a million a year and they go to every civilized nation on the globe.

This city can lay claim to being the capital of the sporting goods industry of the country, the magazine indicates. It estimates the value of Chicago's distribution in this line at \$10,000,000 annually.

The location here of the hub of the packing industry, with its leather and various other things that go into some sporting goods, has helped to promote the industry. For instance, the city has become leader of the world in production of tennis racket strings.

Eight thousand articles are to be found in the athletic goods made and sold by one concern founded here, says the magazine. Then the mail order houses come

## TEAM SETS RECORD BUT LOSES GAME

Cincinnati, O.—(By the A. P.)—The Wornton Rollers, an amateur baseball team of this city, established what is believed to be a record in a recent game, when the first three of their batsmen up made home runs off the first ball pitched to them. Despite this valiant batting the other team won the game, 8 to 7.

## WILL SOON HAVE MORE EQUIPMENT

Vocational Department at State Hospital to Get More Machinery—Hospital Notes

The vocational training building at the Jacksonville State hospital is soon to have as additional equipment metal and wood working machinery costing about ten thousand dollars. Guy T. Legerwood, who is superintendent of this department, has just returned from Chicago where he had gone to make specifications for the new machinery.

The war veterans at the hospital training school, who are now sixty in number, find metal and wood work an attractive occupation.

### Hospital Notes.

A pleasant surprise party was held Friday night for Mrs. Clarence Richardson, who until recently was Miss Elizabeth Ford. Women employees of the occupational therapy department of the hospital arranged the event with the assistance of Mr. Richardson. A set of beautiful silverware was presented to Mr. and Mrs. Richardson during the evening.

The Misses Hoppe, Roberts and Pfeiffer and Mesdames Lawson and Dawson, institution employees, walked the entire distance to Woodson Thursday evening to attend the chicken fry. They did not, however, return by the same means.

**CASS COUNTY PRISONERS HERE**  
On account of repairs which are being made in the Cass county jail at Virginia, two Cass county prisoners are now temporarily quartered in the county jail of this city.

A number of jail deliveries have been made or attempted at Virginia during the recent months and Sheriff Farrar is taking this opportunity to make the place more secure.

As the Morgan county jail is not crowded at present, the additional occupants do not work any serious inconvenience.

**EARLY MORNING FIRE BURNS KITCHEN**  
An early morning fire destroyed the summer kitchen at the home of Mrs. Sarah Meade, 216 North East street, Saturday. The loss was thought to be about five hundred dollars. Other rooms of the house were damaged to some extent.

Mrs. Meade was preparing breakfast shortly after 4 o'clock when she discovered the blaze, which was caused by coals falling from the front of the stove. The firemen had difficulty in saving the remainder of the house.

## TALES OF BURIED GOLD STILL TOLD

Schooner Has Been Charted Recently to Make Journey Where It Is Believed Treasure Is Buried.

PAPEETE Tahiti.—(By A. P.)—Romance is not yet dead. Tales of buccaneering, murder on the high seas, buried gold on lonely, uninhabited islands and charts and cyptograms of hidden treasure-trove are not all inventions of imaginative minds or legends of a day which is long past.

Such a tale is the story of the treasure of the island of Pinaki, whose hiding place, after a patient search of over seven years, has at last been discovered. And now a schooner from Tahiti has been dispatched to bring away the gold.

A half century ago, four sailors, deserters from a coastwise vessel, joined revolutionists in Peru and learned of a vast treasure of jewels, plate and ingots, the property of the Church, which had been hidden in Peru to prevent it from falling into the hands of one of the warring factions. Secretly the sailors searched for the treasure, found it concealed in a church building and moved it to another hiding place on the coast.

Going to Panama, the seafarers at night, boarded a small schooner, murdered the crew, and, after putting the treasure aboard, set sail across the Pacific, intending to make some European port later to dispose of their wealth. Recalling that they had no clearance papers and probably could not enter a European port safely, they decided to hide the gold on some uninhabited island and then get it later in a vessel they would charter at Sydney, N. S. W., for trading purposes.

Across their path lay the island of Pinaki, in the Paumotu Archipelago of the South Seas, and of this uninhabited spot they stopped and hid their loot. One native, who observed them from a neighboring island and rowed across to see what men from the strange schooner were doing, was killed and his tribal brothers, who crossed later, found only his empty canoe and strange markings on the trees.

Sailing on to Australia, the four

## Cowboys and Cowgirls Compete in Roman Standing Races

Chicago.—Illinois has a perfectly good canal costing \$7,000,000 which is doing no business today, has done none for some years, and never did do much. But if the Illinois waterway is built it may yet have a brilliant future.

(By The Associated Press)

This is the Hennepin canal. To many Illinoisans its fairly familiar name brings nothing but hazy notions, of past or present or where they know not. But the canal still patiently connects the waters of the upper Illinois river and the Mississippi, waiting for work.

So far as business is concerned, today it joins nothing and it runs through nothing.

Tomorrow its 75 idle miles may be busy with barges, if tomorrow brings the waterway development that will make this connecting link useful.

The Hennepin makes possible a direct northern channel from the Great Lakes and Chicago to the Mississippi. Its mouth on the Illinois river is a little below Hennepin, which is near LaSalle. It reaches the Mississippi at Milton, 15 miles below Rock Island.

But the connection between Chicago and the Mississippi through the government put its millions into the Hennepin as late as 1905, when it was completed—is lacking. The Hennepin depended upon the old Illinois and Michigan canal to furnish the northern link was still working. But in the past few years the northern part of the Illinois and Michigan canal has become utterly unusable. So the canal has lost its essential connection.

"The canal has done no business for years, though at its completion and now an excellent canal and thoroughly usable," according to M. G. Barnes, chief engineer of the state division of waterways, who built the canal.

"The completion of the Illinois waterway will bring it into use again."

"It is 7 feet deep, 56 bottom width, and has locks 170 feet long and 35 feet wide. It was started in the early nineties and cost \$7,500,000 to build."

"It depends wholly on uninterrupted water connection between Chicago and the Mississippi. The territory through which it runs is without freight terminals or business. There is also a navigable feeder to Sterling and Dixon 29 miles long."

Joy Morton, a Chicago merchant, who is a strong advocate of Illinois waterway development, was the chief user of the canal when it was open into Chicago.

Roman Standing Races will be one of the features of Jacksonville's First Annual Wildwest Cowboy Roundup to be held here at the Stout Lot, corner North West street and West Independence avenue, August 4th, 5th, and 6th.

At the Rodeo and Roundup in Chicago the contestants in these races started the race sitting on the backs of their mounts. It was one of the provisions of the race that they must be standing, one foot on each horse, before they had passed the first fifty foot mark in the course. With the horses rushing ahead, it is needless to state that each contestant had to do some scrambling to get upon his feet in the length of time given.

At the Roundup to be given here next month, these Roman Standing Races will prove a feature that will be of the greatest interest to everyone.

## Trial of German General

General Stenger of the German army is shown leaving the Supreme Court at Leipzig after being acquitted of war cruelty. The French charged that he ordered French prisoners, including wounded, to be shot. Major Crustus of Stenger's staff was convicted of cruelties to prisoners. The acquittal of Stenger caused great anger in France.

## ILLINOIS WOMAN'S COLLEGE NOTES

The teachers' studios, theoretical class rooms, and the Auditorium of Music Hall are being redecorated, and will present an attractive appearance at the opening of school.

Miss Horsburgh and Mrs. Forrest write interesting reports of their work as head counselor and head of the voice department at Vinniesquam, Milton, Vermont. The camp is a music and recreation camp, admitting girls from the age of eight to sixteen, and having ensembles from practically all of the eastern states.

Miss Lula D. Hay and Miss Louise Miller are spending the summer at Bay View, Michigan, where Miss Miller is soprano soloist of the quartet in the Bay View Auditorium.

Miss Belle Mohs, head of the Children's Department in the College of Music, is engaged in Chautauqua work for the summer.

Miss Amy DeMotte has given the college library about two hundred good books, which are very much appreciated.

Miss Nellie Knopf is spending the summer in Colorado Springs and is taking some special work in Art.

Mr. Metcalf writes from Cable, Wisconsin, where he and his son, George, are spending their vacation, that they are having a very delightful time, that the weather is cool and the fish are biting fine. They are expected home about the first of August.

Miss Eleanor Thompson and Miss Sarita Jones are spending the week-end with friends in Lincoln, Ill.

Miss Mabel Tholen, of the office force, is spending a two weeks vacation with relatives in Cherokee, Okla.

Dr. and Mrs. Barker are spending the week-end with their daughter Mrs. Mark Hunt of Quincy, Ill.

Illinois Woman's College will have several young women students who are anxious to secure a college education and willing to work their way through. Friends in town in need of some assistance and who will be glad to have one of these young women, please telephone or write the college office.

## INDIANS WILL TAKE PART IN CENTENNIAL

SEDALIA, Mo.—(By the A. P.) Indian tribes from Oklahoma, wearing the picturesque costumes that the aborigines wore before oil was discovered on Indian lands will take part in Missouri's centennial celebration of statehood, which will be held here August 8 to August 22. Two young buffaloes, presented to the state centennial commission, will also take part in the celebration. The Indians and the buffaloes will participate in the "pageant of Missouri," in which outstanding events in the state's history will be colorfully depicted.

The pageant will be presented in an arena 600 feet by 150, and will employ a cast of more than 5,000 persons. It will trace Missouri's history, from the time the state was a primeval wilderness down to the present era. Crowning a flight of fifty wide steps will be a row of columns, and a "throne" upon which the "Queen of Missouri" will be seated as part of the pageant.

It is planned to have on exhibition the first railroad locomotive operated in the state and a replica of the steamboat "Zebulon B. Pike," said to have been the first steamboat to dock at St. Louis.

National guard troops will patrol the state fair grounds, where the celebration is to be held. A "tent hotel" to accommodate 15,000 visitors is planned, and Sedalia homes will be thrown open. Matrons will be on duty at the railroad stations day and night to aid women visitors.

The opening day of the celebration, August 8, has been designated as "press day," when newspaper men are especially invited to be present. August 9 is to be "homecoming day," for former Missourians. August 10 will be the President's Day, when President Harding has been invited to be present, and August 11 and 12 are Kansas City and St. Louis days respectively.

President Harding will press a button at his desk in Washington August 8 which will swing open the gates of the fair grounds.

RUTH BRYAN OWEN

Ruth Baird Bryan was born about thirty-five years ago in the Bryan homestead on West College avenue. Her father, William J. Bryan, is a graduate of Illinois college and her mother is an alumnae of the Jacksonville Female Academy. Few American women have had such an interesting career as has had Mrs. Owen who is the wife of Major Reginald Owen of the British army. Three years in the West Indies, three years in London, a trip around the world—these have been but incidents in a busy life touching intimately the peoples of many countries before, during and after the war period. She was a member of the executive committee of the American woman's War Relief Fund of England which operated a great hospital in Devonshire. In this work she was associated with the Duchess of Marlborough, Lady Paget and other leading women of the empire. She was associated with Mrs. Herbert Hoover in conducting workrooms for unemployed women in different parts of London. She was secretary of the Woolwich Girls' club and of the Duchess of Marlborough's Maternity Hospital in London. In Egypt, Mrs. Owen was a war nurse in the British Volunteer Aid Detachment. She was in Palestine when the Turks were driven back and Allenby and his forces occupied the Holy City.

Inheriting from her distinguished father tireless energy and unusual observational acumen, Mrs. Owen has gathered out of her wide experiences a vast fund of information. Having, too, the oratorical prowess so richly inherent in the Bryan family, she knows how to impart that information to her hearers, in a manner at once pleasing and convincing. Mrs. Owen has the delightful narrative style of her father. Her addresses never give the impression of a formal "speech." Rather she seems to converse personally and informally with her hearers, and with such a gracious charm that she holds them in rapt attention.

Her addresses are "unique." That term has grown somewhat bromide but no other word quite describes the charm of her work. Mrs. Owen is the first speaker on the 1921 chautauqua program. Nothing less than another rain-storm such as greeted her father a few years ago will prevent the many friends of the Bryan family in this, their old home, from gathering en masse to hear her.

Roe Hicks, living on L. S. James' farm near Woodson, threshed his wheat last week and it brought forty-one and one-half bushels to the acre. Mr. Hicks has thirty-eight acres of wheat.

Miss Ione Coultas of Chapin was a Saturday shopper here. Albert Shanken has returned from a buying trip to New York.

## NOW SLEEPS LIKE CHILD ALL NIGHT

Pounder Saleswoman Says She is in Perfect Health Since Taking Tanlac—Gains 10 Pounds

"Tanlac has done so much for me that I take great pleasure in recommending it," said Miss Myrtle Grammeyer, of 1652 Bissell St., Chicago, Ill., popular young sales-lady at a well-known drug store. Miss Grammeyer has been specially trained in nursing and is planning to take a medical course also.

"I will always be grateful to my friend who advised me to take Tanlac, and I now realize how sincere she was when she so often stated that it was simply the greatest medicine in the world. I had suffered for a long time from nervousness and for months had tried to find something to relieve me from the shaky, upset condition I was in. My sleep was restless and broken, and I became so depressed I lost all my cheerfulness and enthusiasm. My appetite was so poor that at times even the sight of food nauseated me, and the little I did manage to eat soured on my stomach and caused me to suffer terribly from indigestion and heartburn after every meal. My head just throbbed with pain for hours at a time, and I was certainly in miserable health.

"It has only taken four bottles of Tanlac, however, to rid me entirely of nervousness and put me in a perfectly healthy condition. My appetite is just wonderful. I eat anything I want now without ever being bothered a particle with indigestion and have gained ten pounds in weight. I sleep like a child at night, never have an ache or pain and am cheerful and happy all the time. Why, if Chicago sufferers know as much about Tanlac as I do now I don't believe the drug stores could wrap it up fast enough for them."

Tanlac is sold in Jacksonville by Shreve's Drug Store and by leading druggists everywhere.—Adv.

## FORDS RUN 34 MILES ON GALLON OF GASOLINE

Start Easy in Coldest Weather—Other Cars Show Proportionate Saving.

A new carburetor which cuts down gasoline consumption of any motor and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 638 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 per cent, but enables every one to run slow in high gear. It also makes it easy to start a Ford or any other car in the coldest weather. You can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make them they offer to "end it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers of this paper who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents, to whom they offer exceptionally large profits. Write them today.—Adv.

## WHITE HALL PARK IS MECCA FOR PICNICKERS

Gregory Park Is Scene of Many  
Enjoyable Outings—Girls S.S.  
Class Puts on Base Ball Game.

White Hall, July 23.—Gregory Park, the White Hall chautauqua grounds, has become a mecca for picnic and outing parties. Three large picnic parties held forth there at one time Thursday evening, one of them being from Winchester, and constituted the delegation that accompanied the clerk's base ball team that had a game with the White Hall clerks on Legion Park during the afternoon. The Winchester aggregation became so elated over winning a victory from White Hall, the score being 12 to 8 in their favor, that they proceeded to celebrate in Gregory Park. White Hall brought home a victory from Winchester two weeks ago by the narrow margin of 7 to 8.

Mrs. Mary Thurstman's class of the First Baptist Sunday school vied with the Scott countyites in merriment, and even put on a base ball game for the edification of the visitors. The class is composed entirely of girls, and this made the event the more impressive.

Like begets like, whatever application such a statement might have to the case in consideration. In other words, such facilities are an encouragement for people to get out in the open. Such an idea inspired the wives of two local railroad telegraphers, Mrs. L. O. Goodrich and Mrs. Bert Anderson, and the telegraph and clerical men in the employ of the two railroads constituted the third outing party numbering forty-one. This is the first outing arranged by the railroad forces, and the numbers surprised all concerned. So enjoyable did it prove that it was voted to make it an annual affair. The railroad party was composed of the

units of eighty acres each will be open in September to entry to all honorably discharged soldiers, sailors, marines and nurses.

It is reported that the body of every American soldier whose return is planned will be brought to this country by the end of the year.

The "R-38," the largest rigid airship now nearing completion in England for the United States, will be manned by thirty officers and men.

The United States navy has 104 submarines listed as in commission, although only 68 of these are in active service. The remainder are in reserve with skeleton crews on board and laid up for repairs.

Mme. Marguerite Philippe, a French woman of breast, has completed a blanket of khaki cloth, which she almost covered with embroidered emblems of the many American divisions which fought on the soil of France.

American army officers and enlisted men are permitted to wear civilian dress except when on duty at a military post or reservation. The permission is confined to those within the continental limits of the United States.

Among the latest war inventions is a gun with a velocity ranging from one to five miles a second, which may be developed to hurl a projectile of five tons from 200 to 300 miles. The weapon is noiseless and smokeless and fires without recoil.

Thirty-six posts of the American Legion in Los Angeles, Calif., have declared a war against "goldbrickers." The title is given to men who pose as ex-service men and prey upon the public as beggars or solicitors for non-existent veteran publications.

According to reports the War Department is planning to retain only two of the big cantonments erected at the outbreak of the World War where soldiers of the National Hospital were trained. The two cantonments are Camp Dix, New Jersey, and Camp Lewis, Washington.

In the War Risk Department at Washington, there are operated by women, machines that do almost everything but think. They compile allotments and allowances, compensations and insurance, write checks and make carbon copies. The machines write, add and subtract.

According to a general order recently issued by the War Department any man in the United States army who applies can get out of the service and receive an allowance to cover travel expenses home. The Secretary of War expects 20,000 enlisted men to take advantage of the opportunity.

A "Cross of Sacrifice," recently unveiled at Vimy Ridge, France, was erected in memory of hundreds of Canadians who fell at the capture of this famous height four years ago. The monument crowns the crest of the ridge in a cemetery, which is but one of the hundreds dotting the whole countryside.

Members of the American Legion in Massachusetts have planned the salutation of "Hello, Al!" at the convention to be held at North Adams in September. "Al" represents the initial letters of the organization's name, and also it is explained, is a reminder of a familiar French greeting: "Allo."

The Sam Browne belt, which was worn by officers or foreign armies and Americans who saw service overseas during the World War, is now a part of the regulation issue uniform for officers of the United States army. Members of the nurses corps and warrant officers are not permitted to wear the belt.

The U. S. Army Air Service is charting a system of model airways covering the entire continent for the use of operators or owners of aircraft. The plan calls for the first of the model airways between Washington, D. C., and Dayton, O., with five main stations, ten subsidiary stations and twenty emergency fields.

On behalf of the Humane Educational Society General Pershing recently pinned a gold medal on "Stubby," a wounded canine hero of the World War and official mascot of the A. E. F. "Stubby" is a brindle bull. He wears the insignia of a private of the United States Infantry, and participated with honor in 17 engagements with the Twenty-sixth Division in France.

According to official parliamentary reports of the nine million men of the British land and sea forces that served during the World War no fewer than one man out of every ten laid down his life, having been killed in action, died of wounds or died from disease. One man in every four was wounded and one out of every three became a casualty in one way or another.

Ten thousand young women now employed as clerks and on the payroll of the War Department in Washington are being discharged from service. Thomas A. O'Brien, chief clerk in the office of the Adjutant General, is placing many of the girls with school boards and telephone companies in various sections of the country, where they will be engaged as teachers and operators.

### REMAINS OF SOLDIER ARRIVE IN WHITE HALL

Private John E. Fisher Who Died in France, to Be Buried July 31 at Belltown Cemetery—Other Greene County News.

White Hall, July 23.—The remains of Private John E. Fisher arrived today from France, and they will repose in the Fox undertaking rooms until Sunday, July 31st, when funeral services will be held in the church at Belltown, five miles south of White Hall, and the burial will be in the Belltown cemetery. Private Fisher, aged 22 years, was the son of Mr. and Mrs. Ed. Fisher of Belltown, and was a member of the 75th Company, 6th U. S. Infantry. He was killed in action in Belleau Wood, June 10th, 1918. The funeral will be in charge of the White Hall American Legion. The family was divided for a time as to whether to bury at White Hall or Belltown, the father realizing that the memory of soldiers is given best attention at White Hall. The funeral will, of course, be largely attended.

Irvin McLane was over from Patterson today and stated that the annual Red Men's pow-wow at that place will be held on August 11, 12 and 13.

The highway between White Hall and Hillview is being put in first-class shape for oiling operations that are expected to begin by the middle of August. The

work is proceeding on the basis of permanent improvement that compensates for the delay in oiling this important piece of highway.

Louis Lyman and family are here from Chicago for the remainder of July with his parents, Mr. and Mrs. Sam Lyman. Louis is making good since taking a clerical position with the Western Electric Co. there six years ago, as he is now yardmaster in charge of the 33 miles of industrial railroad operated by this company, having four switch engines and over thirty people under him. He is 28 years of age.

Thomas H. Peters of Roodhouse, who almost daily visits White Hall, his wife being formerly Miss Bird Dagley of this city, has received renewed recognition in the train dispatchers' office in Roodhouse by the recreation of the office of night chief dispatcher. This position had an existence for a few months following the war and was caught in the retrenchment net, reducing Peters to a trick place. At one time Peters had the distinction of being the youngest train dispatcher in the United States, taking his seat as such when he was 21 years of age.

The old base ball antagonism between Carrollton and White Hall has been rekindled through signing an agreement for a game between these two teams at White Hall next Sunday. White Hall's invincible record for this section of the state gives Carrollton a determination to wrest the

laurels from White Hall. Wright will again pitch for White Hall. The personnel of the Carrollton battery is a mystery. Last Sunday's game with Madison is hardly worth mentioning, the visitors meeting with defeat by the score of 23 to 6. The car builders fared even worse with White Hall than the railroaders of Roodhouse.

Miss Florence E. Duckett of Chicago, who has been visiting her grandparents, Mr. and Mrs. A. Duckett leaves today for Kansas City, Mo., to visit her aunt, Miss J. W. Anderson.

## The Wonderful RAY Battery

It is a pleasure for us to be permitted to offer you this remarkable storage battery. The RAY is sweeping the country by storm. Its wonderful showing in test performances has convinced the motoring public that the high cost of batteries and battery service is a thing of the past.

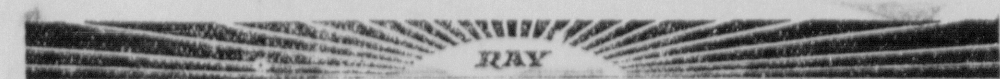

Bonified tests have been made by engineering authorities (we have the records to show you) which prove the RAY to be THREE TIMES AS RUGGED as other widely known makes.

Still further proof of RAY superiority is the fact that the factory presents to each purchaser a two-year unconditional guarantee. This is the broadest battery guarantee offered by any maker. It means that if your battery fails to function properly at any time within two years from date of sale from our service station to you, then you will be given a new battery.

Such a guarantee would not be possible if the RAY were not a remarkable electro-chemical achievement. The reason why this battery is better is because of the famous "Lavier Formula Plates," found in no other battery. These plates are so tough and rugged that they will not wash down or disintegrate, even under excessive charge and discharge, yet they are so porous that the RAY is 100% efficient.

You should investigate this battery. It is manufactured by the Ray Battery Company, of Ypsilanti, Michigan, and is carried in stock by us. Come in right away and see the RAY.

We furnish prompt service on any make of battery.

CASH GRAIN REPORT  
By Associated Press.

Chicago, July 23.—Shipping sales here today totaled 215,000 bushels of wheat, including 200,000 bushels to exporters, 125,000 bushels of corn, 75,000 bushels of wheat for export and 100,000 bushels of oats for domestic account. Car lot receipts were: Wheat, 461,000 cars; corn, 110; oats, 161. Late advices from the seaboard placed the export trade at 1,500,000 bushels of wheat. Some corn and rye was said to have been worked also. Country offerings to arrive were small owing to possibility of car shortage. There was no change in the bases for cash wheat, cash corn or cash oats.

## Daily Market Report

## STOCKS WERE STRONG IN BRIEF SESSION

NEW YORK, July 23.—Stocks were firm to strong almost from the outset of today's brief session. The floating supply was scarce and shorts experienced some difficulty in covering week-end commitments. Rails led on overnight announcement that the administration contemplates early settlement of financial balances. Junior rails as well as investment issues were in demand at fair gains. Foreign oils rallied from recent weakness and stocks, equipments, rubbers and sugars, especially the Cuban group, shared materially in the rise, most leaders closing at best quotations. Sales amounted to 200,000 shares. Internationals cancelled their recent moderate recoveries. Sterling demand bills at \$3.57 1/2 established a new minimum for the current movement. Irregular reactions were registered by all continental remittances, the German rate again being unresponsive to recent credit extensions in this market. Liberty bonds closed at mixed changes. Total sales par value, \$5,350,000.

**With Morgan County Poets**

The Journal, in an editorial of recent date, called attention to  
the fact that the magazines of humor are dying out, due to the space  
which newspapers of today are devoting to cartoons and witty sayings.  
The same condition might be said to exist with reference to poetry.  
The newspapers are gradually, but surely, replacing the magazines  
as publishers of verse. During the past few years newspaper after  
newspaper has added its poetry column.

Careful examination of the poetry departments of the Literary  
Digest, Current Opinion and other magazines which quote verse from  
a wide range of sources shows an increasing proportion of newspaper  
poems over against magazine poems.

Further evidence is found in the popularity of Dr. Franklyn  
Pierre Davis' anthology of newspaper poems, of which two annual  
volumes have now appeared. This series bids fair to become a close  
rival of William Stanley Braithwaite's anthology of magazine poems,  
which has been issued annually since 1914.

**EVENING PRIMROSE**

Palely shining from afar  
Thru the dusk, the Primrose Star  
Glows with steady yellow light  
To guide her Moth guest thru the night;  
With her flame faint incense goes,  
The sweetest speech the Moth man knows.

Morning Sun, the Rue's delight,  
Puts the Primrose Stars to flight,  
Drooping dankly on the scape,  
Tokens of the midnight rape;  
Shunned by Butterfly and Bee,  
Winging by disdainfully.

One soft summer night of bliss,  
One brief soulful insect kiss—  
Primrose dreams of love are gone;  
With the breaking of the dawn,  
Turns her thoughts to brooding slumber,  
Bearing seeds of famous number.

What is Primrose blessedness?  
Two long years she waits, no less,  
The sacred thrill of wooing mates,  
The passion that perpetuates;  
A moment's glory of the Lord  
In revelation, her reward.

—JOHN KEARNS.

**MEMORY'S TRAIL**

In memory's a trail I often take  
That leads down to a field where daisies make  
The meadow white like snow  
In Mid-July—  
Where nodding daisies grow  
And seem to try  
To hide the scars where reapers took the yield  
Of fragrant hay and left a dull brown field.

**FARM BUREAU  
NOTES**

Russian Thistle in Alfalfa  
Seed—Kansas, Nebraska, Mon-  
tana and Grimm are the varieties  
of alfalfa most commonly used.  
There is a growing sentiment in  
favor of northern grown alfalfa  
seed. In seeking a supply of this,  
we were recently furnished a  
sample from Montana. The seed  
was first class in every way, but  
it contains Russian thistle, which  
we regarded as a dangerous weed,  
altho it is not forbidden by the  
Illinois seed law. We recom-  
mend that purchasers of alfalfa  
seed examine samples carefully  
for noxious weeds.

Lynnville Ball Team at Waverly  
Picnic—One feature of the  
farmers picnic is to be a farmers  
ball game between Sangamon and  
Morgan county. We had hoped to  
pick up farmer players here and  
there in each county and weave  
them into a team, but it has been  
almost impossible to get a team  
in that way. Farm Adviser Mad-  
den has arranged for a farmer  
team from Pleasant Plains and we

have arranged for the Lynnville  
team from Morgan. Claude Jew-  
sbury will look after the marshalling  
of the farmer ball players  
from Morgan county.

Will Show Pigs at State Fair—  
Dwight E. Green, son of E. O.  
Green and Clarence Nickel of Ar-  
cadia will both show litters of  
Berkshire pigs at the Illinois State  
fair. These boys both made win-  
nings last year in the club work  
and will quite likely give a good  
account of themselves this year.  
Dwight had \$32 in prizes for his  
weeds work last year.

Harvesting Sweet Clover Seed  
Since all of the plants in a  
sweet clover field do not ripen at  
the same time it is often quite  
confusing to determine just the  
proper time to harvest sweet  
clover seed. The grower must use  
his own best judgment and cut it  
when the entire field seems to  
have the most ripe seed. Unripe  
seed will not ripen in the shock.  
Several mechanisms for the pick-  
ing of sweet clover seed have been  
tried out, but so far the bulk of  
the seed is harvested with a grain  
binder. This is a very difficult  
task especially when the plants  
are six to eight inches high. The  
binder must be set as high as pos-  
sible. The canvas must be well  
tacked to the slats, particularly  
the elevator canvases. I have  
found it advisable to cover the  
edge of the upper elevator with an  
extra piece of canvas lapped  
about three inches on both sides  
at the ends of the slats. When  
once started, however, the stalks  
in the elevator will tend to pull  
other stalks on the platform along.

A box a foot wide and six inches  
deep should be placed at the point  
where the platform canvas goes  
down and starts its return. A  
similar box should be placed so it  
will catch the seed that falls thru  
where the lower elevator returns.  
Remove the bundle carrier and in  
its stead place a canvas hammock  
seven feet long and two feet wide.  
Several wires, run from the lower  
edge of the deck to the outside  
support of the hammock, will  
make the bundle clear this ham-  
mock when being discharged.  
The best seed will be gathered in  
these three containers. In putting  
on these containers keep in mind  
the number of times they must be  
emptied. On a dry day these  
boxes may be filled in driving a  
distance of one-fourth mile.

It is advisable to spread the  
seed under a shed or on a barn  
floor for drying before bulking.  
The bundles may be shocked or  
left in the window until dry. Then  
they should be threshed as soon  
as possible, for two rains will beat  
off nearly all the seed.

**FAMILY GATHERING  
AT HOME IN ARCADIA**

Birthday of Mrs. J. F. Neill Cele-  
brated in Appropriate Way—  
Other Arcadia Neighborhood  
News.

The eighty-first birthday anni-  
versary of Grandmother Neill was  
most fittingly observed recently  
at the home of her son-in-law,  
Levi Deatherage at Arcadia.  
There were about sixty-five per-  
sons present and all brought well  
filled baskets of good things to  
eat. At noon, a plentiful dinner  
was served in appropriate way  
under the shade trees. A large birthday  
cake bearing eighty-one candles  
was one important feature of the  
dinner, the cake being prepared by  
a granddaughter, Mrs. C. E.  
Clark.

During the afternoon a num-  
ber of group pictures were taken  
of "Grandmother" Neill surround-  
ed by her children, grandchildren  
and great grandchildren. The  
children present were: Mrs. Mary  
Rudisill, Mrs. Levi Deatherage,  
Mrs. E. L. Rexroat, Mrs. J. T.  
Hitchens and N. E. Neill. Two  
sisters and a brother of Mrs. Neill  
were also present, Mrs. Lizzie Lit-  
ter, Mrs. Fannie Shields and A. N.  
Hall.

An informal program of recita-  
tions and songs by the little great  
grandchildren and Victrola music  
was rendered during the after-  
noon. There were present fifteen  
grandchildren and twelve great  
grandchildren.

M. C. Thompson and family  
spent Sunday with Frank Rolf  
and family.

Miss Ellen Deatherage is home  
again after spending two weeks  
on the force at the Rabjohns &  
Reid store.

Mrs. Mary Rudisill spent a few  
days last week with her daugh-  
ter, Mrs. Roscoe Goodpasture and

assisted with the work during the  
threshing.

A much needed rain fell in this  
vicinity Monday afternoon.

**A Week of Abnormally Low Prices  
On New Seasonable Quality Goods**

On August First the Crawford Lumber Company  
will put a force of men to work rebuilding our store  
front, giving us one of the prettiest exhibition spaces
